What's on in the Shop

The holiday season is coming up and we are putting together a range of gift ideas especially for the hard to buy for Do-It-Yourselfers like starter kits for making beer and wine at home. We are also bringing in holiday themed “bag in the box” wine containers to make serving wine at festive occasions more convenient. Thinking of festive, there's nothing better than having a little bubbly around, so ask us about carbonating a white or pink wine.
