

May 2018

What's on in the Shop

Summer is almost here and there are great choices for having a range of beverages for special occasions or just for casual Barbeques without breaking the bank:

Beer can be ready in three weeks; our **Hefeweizen** and recently developed **Euro** recipe are great for this time of year. We can keg beer for larger gatherings.

World Vineyard and **Vintners Reserve** wines can be ready in four weeks. We're making a red wine that we're going to turn into "Sangria" by adding brandy and orange flavouring and carbonating it, so it's ready serve over ice.

Ciders are ready in three weeks and while we have a range of flavours, they can be customized to taste.

Our favourite is to add strawberry and rhubarb juice to apple cider to make "liquid pie".

Look on our website: www.westcoastbrewshop.com for more information or call us at **250 384-8484**.

---Gurmit & Jo Ann Sandhu

Pacific Quartet

Winexpert's Pacific Quartet that has been a favorite of LE series in the past and will be available over the summer. The four grapes from Australia, California, Chile and Washington in **Pacific Quartet** create a show-stopping blend with brilliant flavours of apple, stone fruit, lychee, rose petals, and orange peel. Full-bodied off-dry wine with balancing acidity pairs perfectly with spicy and savory dishes.

Selection with Grape Skins

We have been advised that the **Selection with Grape Skins** product line is being discontinued. This applies to the following products:

- **Italian Amarone w/Grape Skins**
- **Italian Brunello w/Grape Skins**
- **Argentine Malbec w/Grape Skins**

We plan to stock a few extras of these wines because they have been very popular. Let us know so we can make sure you get a last chance of having one of these great wines.

The Pinks are Back!

Selection Pink Pinot Grigio and **World Vineyard Pink Moscato** are back again for a limited time.

These are light and refreshing off-dry wines with lots of fruit aromas and flavours. Think strawberry, raspberry, and cherry; perfect for summer. Turn them into "pink bubbly" for special occasions; ask us about bottling options.

2017 Limited Edition Wines

We still have **Winexpert's 2017 Limited Edition** wines available. We completed making each one of these wines and this is one of the best LE series we have had.

The Reds:

- **Australian Riverland Petit Ruby Cabernet** produces a robust medium-full bodied red wine with soft tannins dark berries and vanilla notes.
- **New Zealand Hawke's Bay Merlot** is personally our favourite for this year; drinkable now but will age wonderfully with ripe fruit, spice and soft tannins.
- **Italian Apulia Negroamaro** is a hearty, dry, full body, medium oaked wine with silky tannins that is just becoming more widely known. This wine is one that will age well.

The Whites:

- **South African Rawsonville Chardonnay Chenin Blanc** is a dry white wine blend from that is light- medium bodied and lightly oaked.
- **Spanish La Mancha Milagro Blanco** is a yummy white, off-dry unoaked wine blend of **Muscat, Verdejo** and **Sauvignon Blanc** grapes great for patio sipping and with spicy food.

May Clearance Special

While quantities last, save **15%*** on these **LE16** red wine kits in left in stock:
